

Oakes Summer work – Drama – A-Level

Please select a suitable monologue from a published play.

Lasting between 2 and 3 minutes you should memorise the text and conduct preliminary research into the character and style of play.

Additionally, any consideration for the text in performance should be made - consider any use of props, costume, movement and vocal skills.

During the first 2 weeks of your time at the Oakes you will be led through a short series of workshops focusing on your individual skills as an actor.

You will perform your monologues under examination conditions and be assessed/graded against the EDEXCEL criteria.

This 'baseline' performance mark will help your teacher to assess ability, identify areas of strength and also to get to know you through the work you present!.

You may use a monologue from GCSE, but please do use a published play not a TV show or Film for your piece.
